Corrections to Modified 2020 IRP

Dear Ms. Boyd:

On August 27, 2021, Duke Energy Carolinas, LLC ("DEC" or the "Company") filed its South Carolina Modified Integrated Resource Plan ("IRP") Supplemental Portfolios and Analysis in the above-referenced docket.

The Company has recently been made aware of the need to make several non-material ministerial corrections to several pages of the Supplemental Portfolios and Analysis. Through the instant filing, the Company is submitting revised pages of the Supplemental Portfolios and Analysis to address these minor corrections and to include information presented in the Duke Energy Progress, LLC Supplemental Portfolios and Analysis that was inadvertently omitted from DEC's Supplemental Portfolio and Analysis. These changes are enumerated and more fully described in the table below.
